

PAROWAN DEPARTMENT

PAROWAN is the County Seat of Iron County, and ranks second in population. It is situated in one of the richest agricultural valleys in the State, and is especially noted for its wonderful artesian wells, some of which flow as high as three or four hundred gallons of water per minute. It has excellent schools, a good water system, electric lights, telephone exchange, bank, good stores and other modern improvements and advantages. It offers splendid inducements to homeseekers.

PRIZE WINNERS AT COUNTY FAIR

Some of the Entries in the Live Stock Department Which Attracted Favorable Notice.

Included in the exhibits at the late county fair were many that would do credit and attract favorable attention at the state fair or any place else that they might be shown. It would be impracticable to give all the names and particulars of prize winners at the fair on this page, but we append below a partial list of the winners of some of the more important prizes:

ATTORNEY GENERAL

BARNES IMPROVES FARM

Seven Forties Fenced Rabbit-Tight, and 120 Acres Planted to Wheat—Day Had Contract.

That Attorney General Barnes is in deep earnest about his large farm in the Parowan valley is proven by the generous improvements that he is having made the present season. During the summer Mr. Wilford Day has had the contract for the fencing of 280 acres with a "rabbit-tight, horse-high, bull-strong" wire fence, and now Mr. Day is planting 120 acres for him to fall wheat.

Mr. Barnes recognizes in the land of the Parowan valley one of the most profitable opportunities for investment to be found in the entire state, and is backing his judgment with his capital.

There is scarcely a question as to the outcome of his venture, which is practically certain to pay handsome returns.

TO HOLD EXAMINATION FOR 4TH CLASS POSTMASTER

The United States Civil Service Commission announces that on Saturday, October 9, 1915, an examination will be held at Panguitch, Utah, as a result of which it is expected to make certification to fill a contemplated vacancy in the office of the fourth-class postmaster at Parowan, and other vacancies as they may occur at that office, unless it shall be decided in the interest of the service

to fill the vacancy by reinstatement. The compensation of the postmaster at this office was \$732 for the last fiscal year.

Age limit, 21 years and over on date of the examination, with the exception that in a state where women are declared by statute to be of full age for all purposes at 18 years, women 18 years of age on the date of the examination will be admitted.

Applicants must reside within the territory supplied by the post office for which the examination is announced.

The examination is open to all citizens of the United States, who can comply with the requirements.

Application forms and full information concerning the requirements of the examination can be secured from the postmaster at Parowan, or from the United States Civil Service Commission, Washington, D. C.

Applications should be properly executed and filed with the Commission at Washington, at least seven days before the date of the examination, otherwise it may be impracticable to examine the applicants.

NEW DIPPING PENS

AT THE PAROWAN GAP

Marsden, Day, and Hugh L. Adams are installing Up-to-Date Vats and Conveniences.

A much needed convenience to the sheep interests of this section is just being completed out at the Parowan Gap, in the form of modern dipping vats, corrals, chutes and other conveniences pertaining to the dipping of sheep. The location is well chosen, as practically all the sheep of this section of the country pass through this gap in going from their winter to summer ranges in the spring, and vice versa in the fall.

The property is owned and the improvements are being made by Messrs. L. N. Marsden, Wilford Day and Hugh L. Adams, three of our more important wool growers, but it is understood that the vats will be used by the majority of local sheep men on a rental arrangement.

An order of the State Board of Sheep Commissioners requires the dipping of all sheep this summer and fall for the destruction of ticks, and more convenient dipping pens were a necessity.

Day Improves Mountain Ranch.

During the past summer Hon. Wilford Day has constructed four miles of fence around his mountain sheep and cattle range, which will not only make it more convenient to take care of his own animals, but will assist in excluding the animals from the public domain or forest range and preserve the forage for his own animals.

Miss Ida Orton left for Logan on Thursday morning to attend the A. C.

Miss Maud A. Benson has been employed as pianist at the Rex Moving Picture theatre.

Miss Beatrice Dalton, Claire Lowder and June Gurr have gone to Provo to attend school.

Joseph Smith and A. M. Frodsham of Ogden were registered at the Orton Hotel Monday.

Samuel Pollock, Jim Berry and Arnold Graff of Kanarraville were in town Thursday on land business.

The unusually heavy traffic during the home-coming and county fair has left the streets of Parowan very badly cut up and dusty. A good rain would be a wonderful help just at present.

Work is being vigorously prosecuted on the foundation for the new Co-op. building, and the present week is quite likely to see the completion of the concrete work. A force of about ten men is employed, and the work is kept going.

Perhaps none appreciated the home-coming more than Mr. and Mrs. R. H. Benson, who are still enjoying a visit with their children, having at home with them their five daughters. They are: Mrs. Lena Nazer, Alice Dalton and Dora Meeks of Cowley, Wyoming; Mrs. Johnson and McDonald of California. The latter is accompanied by her husband and little son. In addition, Mr. Benson's brother, Wm. F. Benson and wife of Montrose, Colorado, are here. They, in company with Mr. and Mrs. Wm. N. Eyre of Cowley, are returning home by way of California, where they will visit the fair.

DISTRICT COURT CLEARS CALENDAR

A Number of Criminal and Other Cases Were Heard—Judge Greenwood Presides.

The September term of District court for Iron county cleared the calendar last Tuesday, with the dismissal of the McDonald liquor case, and Judge Greenwood, Stenographer Cook and the legal attendants moved on to Beaver.

A synopsis of the calendar and proceedings follows:
State of Utah, plaintiff, vs. Frank Oaks, defendant. The jury brought in a verdict that the liquor taken from defendant had been kept by him for unlawful purposes, and the judge ordered the same confiscated. Defendant's attorney asked for sixty days in which to file motion for a new trial.

State of Utah, plaintiff, vs. Paul Reiter, defendant. Defendant having been charged with grand larceny, was out on bail. Failing to put in an appearance in court, the judge ordered the bail forfeited. A bench warrant was issued for his arrest. H. J. Doolittle and J. David Leigh of Lund are on the bond, and unless Reiter can be located they will have to pay the bond of \$500.00.

State of Utah vs. Moore Brothers, charged with grand larceny, case continued for the term.

In the case of Cedar City vs. M. A. McDonald, defendant was dismissed on account of defects in the complaint. Attorney Geo. R. Lund appeared for the defendant, and Attorneys Higgins and Ryan for the prosecution.

State of Utah vs. Alex Dalley for petit larceny. Jury in the case gave in a verdict of not guilty.

State of Utah vs. James McMullin. Case was dismissed on the motion of the district attorney.

Judge Greenwood and Stenographer W. L. Cook remained over in Parowan Wednesday, and in company with J. L. Lowder took a trip to the Parowan Gap, where they are interested in an irrigation project. They left for Beaver Thursday morning, where court would convene at 2 p. m. of the same day.

Sheep men should not fail to read the announcement of L. N. Marsden on this page of high-class rams for sale.

Mrs. Charles L. Richards and little ones of Logan are visiting for a few weeks with her parents, Mr. and Mrs. S. A. Matheson.

President L. N. Marsden is responsible for the statement that Apostle A. W. Ivins and his son Grant Ivins, will be among the general authorities in attendance at the quarterly conference to open in Cedar City tomorrow.

Some energetic person in Parowan has an excellent opportunity of winning the Ford Touring Car to be given away by The Record in its prize voting contest. It is recalled that in a popular voting contest conducted by The Record some ten years ago, it was a Parowan young lady who won the first prize, a handsome organ. What is that old adage about history repeating itself?

Notice the new advertisement of the Parowan Co-op. in this issue, in the Parowan department. The Co-op. is one of the wide-awake, enterprising stores of southern Utah, and always has something worth while to tell its customers and the public generally. When their new building is completed and occupied there will be no finer store south of Provo.

DOING IT.

Somebody said that it couldn't be done.

But he, with a chuckle, replied, That "maybe it couldn't," but he was one

Who wouldn't say so till he tried.

So he buckled right in with a trace of a grin

On his face. If he worried he hid it.

He started to sing as he tackled the thing

That couldn't be done, and he did it.

Somebody scoffed: "Oh, you'll never

do that;

At least no one has ever done it,"

But he took off his coat and he took off his hat,

And the first thing we knew he'd begun it;

With the lift of his chin, and a bit of a grin,

Without any doubting or quiddit.

He started to sing as he tackled the thing

That couldn't be done, and he did it.

There are thousands to tell you it cannot be done;

There are thousands to prophesy failure;

There are thousands to point out to you, one by one,

The dangers that wait to assail you.

But just buckle in with a bit of a grin,

Then take off your coat and go to it;

Just start in to sing as you tackle the thing

That cannot be done and you'll do it,

—Pittsburg Board of Trade Bulletin.

POLITICAL GOSSIP'S

When one class of people has anything to say, it has become largely the custom to make a political issue out of it instead of a friendly discussion, to print it in a law book instead of a newspaper and to argue it before a jury instead of to settle it in the higher courts of Common Sense. As a result, political agitators, political lawyers, political preachers and masculine women are powerful in politics and dissension, selfishness, intolerance and hysteria run rampant in public affairs, for when the low, damp, murky atmosphere of misunderstanding envelops public thought it breeds political reptiles, vermin, bugs and lice which the pure air of truth and the sunshine of understanding will choke to death.

We have too many self-appointed interpreters of industry who are incapable of grasping the fundamental principles of business and who at best can only translate gossip and add color to sensational stories. No business can stand upon error and might rules—right or wrong. No industry can thrive upon misunderstanding, for public opinion is more powerful than a King's sword.

When prejudice, suspicion and class hatred prevail, power gravitates into the hands of the weak, for demagogues thrive upon dissension and statesmen sicken upon strife.

The remedy lies in eliminating the middleman—the political gossip—and this result can be accomplished by the managers of business sitting around the table of industry and talking it over with the people. Interchange of information between industries and the people is as necessary to success in business as interchange in commodities, for the people can only rule when the public understands. Away with political interpreters who summon evil spirits from their prison cells and loose them to prey upon the welfare of the people in the name of "My Country."
